# Ottawa is Canada's AV Capital

OttawaAVcluster.com

Ottawa is home to more than 70 Ottawa SMEs, multinationals and other organizations that are contributing a wealth of expertise, technology and intelligence to autonomous vehicles (AVs) of the future. These technology development and commercialization leaders work across the National Capital Region, with a thriving technology cluster in Kanata North, and fellow AV researchers, technology developers and firms in every corner of the City. This includes 19 members of the Automotive Parts Manufacturers' Association (APMA).
